

I am currently undertaking my MA ILM Level 7 Leadership coaching award (I am also a qualified children's Social Worker). In order to broaden my portfolio I am offering people in the voluntary sector a free short course of 3, Leadership and management coaching sessions; this could include strategic planning, restructuring, responding to change or professional development. I use a creative mixture of Solution Focused and Goal Centred approaches that are determined by the coachee's agenda. The sessions, of 1 hour, can be based at the workplace in a suitable room or at my location in Lancaster. Please forward my information onto anyone you feel may benefit from it. Please find a copy of my CV and a pre course questionnaire attached. I look forward to hearing from you Gary
